

Clinical Laboratory Testing Update

Notification Date: July 11, 2023

Effective Date: July 18, 2023

New Epic Lab Orderable

The following test(s) are now available in Epic as orderable test codes; these have previously been available to order as a Misc Lab Test [LAB2607] or Mayo Misc Lab Test [LAB2608].

If you have saved these as Misc Lab Test/Mayo Misc Lab Test in your Pref List or Favorites, Please update with the new orderable codes.

The following tests will be orderable in Epic starting Tuesday July 18th.

Epic Lab Number	Test Name	Sunquest Code	Clinical Significance
LAB3757	Pediatric Autoimmune Encephalopathy/CNS Disorder Evaluation, Spinal Fluid Epic Name: PEDS AUTOIMM ENCEPH CNS	PCDECM	Evaluating children with autoimmune central nervous system disorders using spinal fluid specimens. Mayo Medical Laboratories [PCDEC]
LAB3758	Pediatric Autoimmune Encephalopathy/CNS Disorder Evaluation, Serum Epic Name: PEDS AUTOIMM ENCEPH CNS, CSF	PCDESM	Evaluating children with autoimmune central nervous system disorders using serum specimens. Mayo Medical Laboratories [PCDES]

Questions: Please contact the Clinical Laboratory
