

Clinical Laboratory Testing Update

Notification Date: July 3, 2023

Effective Date: June 28, 2023

Test Status - Referral to Reference Lab: Urine HVA, VMA, and HIAA

Explanation:

Effective June 28th, due to instrument issues these assays will be referred to Mayo Medical Laboratories for analysis until our system is operational. An update will be provided when testing resumes at Pathology Laboratory.

Note that testing will be reordered by Pathology Laboratory as Misc Lab Mayo (LAB2608/MISMG0) when the sample is received to ensure results interface in a timely manner. This may result in a cancellation of the original order.

Testing affected:

Epic name	Epic Lab Number	Sunquest Code
Homovanillic Acid, Urine	LAB2114	UHVA24
Vanillylmandelic Acid, Urine	LAB452	UVMA24
5-Hydroxyindoleacetic (HIAA) Acid, Urine	LAB532	U5HAA

Questions: Please contact the Clinical Laboratory
